## Product Description

InvisiLED DMX series, which can achieve RGB and monochrome white color change of 1M 10 segments, with IP67 protection level, can be widely used in outdoor non-submerged environments, with DMX512 controller, rich dynamic effects can be achieved.

## Product Features

- Body Material: Flexible copper FPCB board
- Finish: High-quality silicone sleeve + glue potting process
- IP Rating: IP67
- Operating Temperature: -20°C~50°C

## Product Specifications

- LED Type: SMD
- LED Lifetime: >36000h-L70/B10-Ta25°C(LM-80/TM-21)
- CCT/CRI: RGB/2700K/ 3000K/4000K
- Input: 24V DC
- Dimming: DMX512 dimming is supported

## Order Model

Model	LED	Length	Feature	CCT
<b>FLSG</b> InvisiLED Strip light	12 12W/M	10 1M	MT DMX512 Dimming 24V/DC Power Supply	FC RGB
		30 3M		27W 2700K
		50 5M		30W 3000K
		40W 4000K		

Example: FLSG-1210MT-FC
