

I. Installation Precaution:

1. Please read all installation precautions carefully;
2. For indoor installation only (not for use in humid environments);
3. The installation and testing of the luminaires must be operated by professionally qualified personnel;
4. Please make sure to turn off the power before installation to prevent electric shock;
5. Please keep the instruction manual for reference.

II. Luminaire Size:

Installation distance L_1 = length of fixture L_1 - 300mm. Installation distance L = luminaire length L_1 - 300mm; if more than one hanging wire, divide evenly between L .

III. Luminaire Structure and Accessories:

Authorized by WAC Lighting Corporation, USA, holder of the "WAC" trademark.

China Marketing Headquarters: WAC Lighting Technology (Shanghai) Co.

Address: Room 102, No. 14, Lane 299, Bisheng Road, Pilot Free Trade Zone, Shanghai (201204), P.R.C.

China Factory: Manufactured WAC Lighting(Dongguan)Co,Ltd

Address: No. 390, Qingfeng Road, Qingxi Town, Dongguan City, Guangdong Province, 523653, P.R. China

IV. Installation Methods and Procedures:

1. Secure the ceiling piece to the ceiling by locking the mounting screws with a screwdriver or power tool according to the dimension of lifting distance L.

2. Secure the T-piece to the ceiling piece by tightening it.

3. Adjust the lifting slider to a suitable position. Use hexagonal wrench to lock the fixing screws on the slider to fix the slider position. Press the cable catcher to adjust the fixture mounting height.
